

NEIGHBORS PROTEST NEW POOL PROJECT

Wynndale Road Opposed to
Plan for Swimming
Club.

NEW PERMIT IS NEEDED

A vigorous protest was launched Monday night before Borough Council against the plans for the formation of the Brynwood Manor Swimming Club and the construction of new pools on the grounds of the Inn.

The opposition came largely from a group of residents of Wynndale Road, which lies just back of the Inn property. The delegation had as spokesman Murdoch P. Claney, of 95 Wynndale Road.

The residents came largely to seek information, and did not lodge their preliminary protest in formal terms. The information desired dealt with the issuing of the building permit under which the pools are being constructed. The claim was that the original permit called for a single pool, to be used only by patrons of the Inn.

It was disclosed that this was the plan called for in the original blueprints, and in a letter from the Inn promoters to Council. Councilmen declared Monday that new permits would have to be applied for if the size or use of the pool was changed.

The discussion arose from the recent publication of plans for the formation of a semi-private swimming club at the Brynwood Manor Inn. Several months ago, when the Bala-Cynwyd Neighborhood Club made plans for the construction of a pool in Cynwyd, it was decided to make use of the Inn pool instead. As a result a number of conferences were held, and the Brynwood Manor promoters agreed to enlarge their plans to include a bigger main pool and a small, shallow pool for younger children. The plans also called for a "bathing beach" and a clubhouse.

Memberships to the extent of several hundred have been pledged from Bala-Cynwyd, and a start has been made toward securing a quota from Narberth and other parts of the Main Line. The individual and family memberships will probably provide for 1000 to 1500 persons.

The claim set up by the Wynndale avenue residents Monday night was that a swimming pool of this kind would be noisy, disagreeable and a threat to the residential character of the neighborhood. They also claimed that the sales of memberships would be in violation of the Zoning ordinance. Council gave no ruling on this.

ENTER FRATERNITIES

Three Local Boys Are Elected to
U. of P. Chapters.

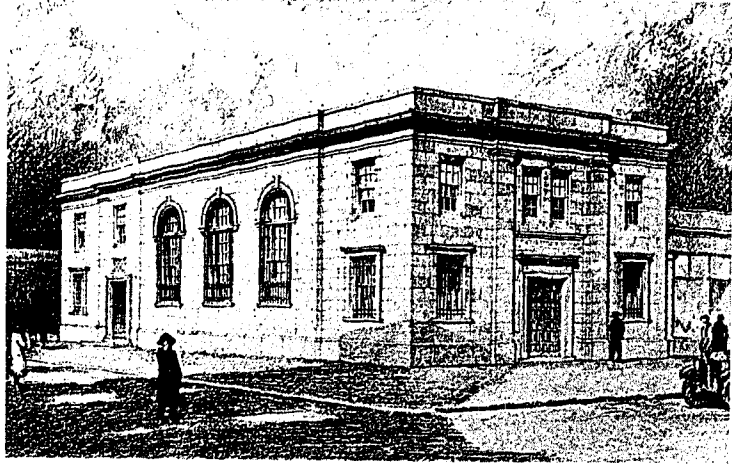

Alfred J. Odiome, James B. Diven and Robert L. Leitch, of Narberth, are among the students whose election to prominent fraternities at the University of Pennsylvania has just been announced, following the close of the annual "rushing season" at the University.

Diven was elected to Phi Kappa Psi, Leitch to Lambda Chi Alpha, and Odiome to Zeta Phi.

By agreement among the fraternities, the "rushing season" at Pennsylvania does not open until the second half of the University year, and is limited to a certain period, at the end of which all fraternities make public the lists of their new members simultaneously. Of the men in the Freshman Class this year, 597, or forty-six per cent., were elected to membership in various chapters.

The three Narberth students attended the Lower Merion High School. Diven was a member of the French, Civics, Camera and Players' Clubs. Diven is enrolled in the School of Fine Arts.

Leitch played guard on the football team, while Odiome took an active part in football, baseball and basketball. Leitch is a student in the college, while Odiome is a member of the Wharton School of Finance and Commerce.

Many modern safeguards are being built into the future home of the Counties Title and Trust Company, which is now under construction at the corner of Anderson and Montgomery Avenues in Ardmore.

NEW BANK BUILDING IS WELL UNDER WAY

Many Conveniences Provided
for Patrons of Counties
Title.

GOODMAN IS PRESIDENT

Considerable interest is being manifested in the new financial institution, Counties Title & Trust Company, organized along the Main Line, and the white stone banking quarters rapidly taking shape at the corner of Montgomery and Anderson avenues, Ardmore, which it is to occupy.

Counties Title & Trust Company is chartered under the laws of Pennsylvania with a capital of \$200,000 and a paid in surplus of \$100,000. All of its stock was long since subscribed and the stockholders number in excess of a hundred.

Mr. Charles E. Goodman, of Bryn Mawr, who is well known in larger financial circles in Philadelphia, is president. Mr. Anthony L. Aff has been drafted from the Federal Reserve Bank of this district to fill the post of vice president, and Mr. Donald Spencer Edmonds, of Overbrook, is secretary and treasurer. The board of directors has been made up from the substantial business men of the Main Line from Overbrook to Paoli. Several Narberth men are interested in the project.

The plans show the building will be of Colonial type. It is to be of full two-story height, of white Indian limestone, resting on a high base course of granite.

The vault construction and protective devices are to be of the most adequate and ultra-modern type, insuring the greatest possible safety from burglary. And the plans for the interior will provide, in addition to an attractive appearance, banking facilities which will be convenient to both workers and patrons of the bank.

An evidence of this care for the convenience of patrons is shown by the plans that have been prepared for a "night depository."

On the exterior of the building, just under the window to the left of the main door on Anderson avenue, is a small bronze plate and key socket. Merchants, associations' treasurers and others who receive funds after banking hours and who usually would be worried all night as to the safety of these funds will be provided with keys to open this plate and with money bags to fit under it. At any hour of the night they may open this plate and drop their bag of collections behind it. From there it falls through a chute into a reinforced concrete-encrusted safe, protected from burglary, robbery, theft and fire, until they take it out, open the bag and deposit the money in the bank.

SELLS OLD RESIDENCE

Robert J. Nash has recently sold for James Wilson to Charles L. Jenkins, Mr. Wilson's residence at the northeast corner of Narberth and Merion avenues with a lot about 100 feet front on Narberth avenue and 150 feet front on Merion avenue. The improvement is a handsome residence with all modern improvements.

Mr. Jenkins intends improving the property, probably for apartment use. This house was the second house built on the Wood-Harmon Tract, popularly called the South Side.

PENN BAND WILL FEATURE CONCERT

Vogel's U. of P. Group to Play
in Fourth of Orchestra
Series.

MIKADO STAR TO SING

The University of Pennsylvania Band, Adolph Vogel, conductor, will give the fourth concert of the Main Line Orchestra Association's series at the Ardmore Theater on Sunday afternoon, at 3:30 o'clock. The band will play compositions by Kela-Belar, Strauss, Wagner, Verdi and Suppe. This organization will consist of 65 players taken from the combined bands of the university.

Clyde R. Dengler, tenor, will be the soloist. Mr. Dengler, soloist of the University Glee Club, sings a leading role of the "Mikado" being given at the Academy of Music this week.

The University Band is well known for its performances on Franklin Field. The organization has been under the direction of Mr. Vogel for the past season, and this will be the first concert given for the public.

On account of limited stage space Director Vogel has been compelled to reduce the number from 140 members to 65. The band is reputed to be one of the finest college bands in this country.

"PROMOTING ROMEO" PRONOUNCED SUCCESS

Girl Scout Play Pleases Large Audience in Elm Hall.

Tonight will be the second and last night of the Girl Scout play, "Promoting Romeo." Those who were not able to attend last night will be able to enjoy the show this evening at 8:15.

A niece and ward of Mr. Fenwick's, fond of breaking engagements, Evelyn Jefferis. Dorothy Stevens, a young widow, much taken over by Robert Fenwick, Martha Maxwell.

Ben, Craig, engaged to Elsie, and who apparently is always in the wrong, Ruth Hopkins. May Craig, Ben's younger sister, Ray Wilson.

EVANS WILL NOT HEAD TENNIS CLUB

Declines Renomination Due to
Press of Other
Duties.

WILL MEET WEDNESDAY

President W. D. R. Evans surprised the Narberth Tennis Association by declining renomination for this year, at an annual meeting of the club held Wednesday night. An adjourned meeting is announced for next Wednesday, as a result, for the election of officers and clearing up of other deferred business. The Narberth National Bank Building is the meeting place.

Mr. Evans, who has held the office of president for several years, respectfully declined renomination, because of the pressure of other duties recently assumed, which will occupy his time for a large part of the coming tennis year. President Evans expressed regret, but stated that his other affairs would preclude the possibility of his being able to devote the necessary time to the best interests of the tennis club.

A Nominating Committee was then appointed to make suggestions for presentation at the adjourned meeting next Wednesday. It is hoped that many members will be present. Notices have been sent out. The entire election of officers has been postponed, and will take place at the adjourned meeting.

A resolution of regret at the loss of such a valuable member as the late A. Perry Redifer, Sr., was passed, stating that his interest in the club and in other borough activities made him a loved and respected friend of all with whom he came in contact.

Thanking Fred G. Warner, another resolution was passed, for the beautiful silver cup donated to the club, which will be presented to the first member of the club who wins the singles tournament three years.

Annual meetings in the future will be held in the month of October instead of March, as a result of an important change made in the By-Laws at Wednesday's meeting. This action was taken in order that suggestions may be acted upon at the end of the season, while they are still fresh in the minds of the club members who participate in summer tennis activities. Officers will be enabled to make plans for the new season many months in advance as a result of this change in the annual meeting and election date.

CONCERT IN ELM HALL

Radio Artists Will Entertain on
April 5.

A concert with many novel features, by a group of talented entertainers, will be given Tuesday evening, April 5, in Elm Hall. The building fund of the Women's Community Club will benefit by the performance.

The artists who will participate are not only popular favorites in Philadelphia, but well and favorably known to America's vast radio audience.

Those who have heard Loretta Kerk's brilliant piano solos and accompaniments, and Dorothy Fox's soprano solos over the radio, will have the pleasure of seeing as well as hearing them.

Also of interest is the personal appearance of the well-known radio male quartette, Ednyfed Lewis, manager of Station WFI, and Bernard Poland, are among Philadelphia's best-liked tenors. John Vandersloot, known to radio fans as "J. V.," is the popular basso, and Harold Simonds is widely known both as a baritone singer and a radio announcer.

An element of originality and of novelty will be introduced in both music and readings—covering a wide range of popular, humorous, sentimental, operatic and classical renditions.

Elm Hall will surely be crowded on the evening of April 5. Tickets at 75 cents each should be secured in advance—at Davis's store, or by mail from Mrs. Robert H. Durbin, 231 North Narberth avenue.

DON'T BE ALARMED

Do not be alarmed if some time during the week of April 4 your door bell rings violently and you are asked some questions regarding your family. It will not be the census taker nor will it be someone trying to collect a bill—it will be one of your neighbors who is a member of the American Legion and who is taking part in the house-to-house canvass for new members.

It is estimated that there are over 100 young men in Narberth and vicinity who are eligible for membership, but who are not as yet enrolled. So, ex-service men, get out your discharge papers and be ready to answer YES when your buddy comes knocking at your door.

We want to make the Narberth Post what it should be—one of the finest in the department of Pennsylvania.

BOARD OF TRADE TO MEET MONDAY

Advertising To Be Topic
At Supper Meeting
At Inn

THREE FINE SPEAKERS

Three speakers, each an expert in one of the fields of advertising, will address the Narberth Board of Trade on that subject Monday night. The occasion will be the March supper meeting of the Board.

Morton Gibbons-Neff, president of the Poor Richard Club; Leonard Ormerod, publicity agent of the Bell Telephone Company, and Robert Fellows Wood, advertising manager of the Autocar Company, will give the merchants the advantage of their advertising experience.

The discussion will deal both with advertising as it affects the individual merchant, and also as it is used in publicity for the general good, such as the series of Buy-in-Narberth ads run in this paper by the Board of trade.

The attendance at these supper meetings has been steadily on the increase, and a record-breaking meeting seems assured for Monday. A large amount of good fellowship has made the affairs pleasant to all.

The supper will be held at 6:30 at the Brynwood Manor Inn. Members and guests who are to attend are requested to notify the secretary, Mr. Nesper, without delay, to secure reservations.

COMMUNITY CLUB WILL HEAR OF DICTATORSHIPS

Lecturer Will Tell Women of World
Affairs Tuesday.

The Women's Community Club is to have another opportunity to learn of world affairs at its meeting on Tuesday, when Mr. Warwick James Price will speak on "The Shortening Day of the Dictators." Mr. Price will describe the situation in Athens and Berlin, Madrid and Rome, Moscow and many other world capitals, and tell why the dictatorships now flourishing therein seem to be approaching eclipse.

April 1st brings the last of the Hospitality Committee's small card parties, this time at the home of the chairman, Mrs. A. Y. Reinking, 12 Schiller avenue. (N. B.—This is not an April Fool!)

The next appearance of this ever-active committee is planned for April 14, 15 and 16, a flower sale. If anyone wishes to place special orders in advance, Mrs. Reinking will do her best to fill them.

HOT FRIDAY

Of Last Week Broke Records—Mercury Drops as Spring Begins.

A temperature that varied from 77 degrees last Friday, the highest recorded for that date, to 35 degrees Tuesday, features this week's weather report of Charles Decker, Main Line Co-operative Observer in Narberth. The temperature excess since March 1 is 111 degrees, although for the same time last year the deficiency is 153 degrees.

Precipitation for the week was .53 of an inch. The barometer was high at 30.27 and low at 29.68. The low barometer and the precipitation joined hands Monday to greet spring tearfully. Then the thermometer took a dive Tuesday to make sure of a cool welcome.

TEACHERS CHOSEN FOR NEXT SESSION

All but Three in Present
Force to Return
in Fall.

SALARIES ARE RAISED

The choice of the teaching staff for the coming year formed the principal item of business at the March meeting of the Narberth School Board last Friday night. All members were present.

Twenty of the twenty-three teachers were re-elected at increases in salaries. The other three resigned, effective with the end of this term. No new members of the faculty have as yet been chosen.

The teachers re-elected are Miss Nellie M. Wetherill, first grade; Miss Florence Bishop and Miss Charlotte C. Eckfeldt, second grade; Miss E. Louis MacMorran and Miss Mae W. Wilkie, third grade; Miss Sarah E. Hoak and Miss Alice R. Miller, fourth grade; Miss Mary L. Hoover and Miss Florence M. Timlin, fifth grade; Miss J. Florence McKay, sixth grade.

In the Junior High School those elected were: Miss Margaret Eckert, English; Miss Josephine Tyson, Latin and English; Miss Marjorie Church, Physical Education; Miss Doris E. Eames, Domestic Science; Miss Frances E. Fricke, Music; Miss Francis B. Decou, Secretary and Commercial Courses; Miss Isabelle L. Ross, Mathematics and History; Miss Margaret W. Gassner, Art; Miss Ruby C. Kevorkian, Health Teacher and Nurse; Mr. Benjamin J. Cook, Manual Training, Physical Education and coaching.

The salary increases in each case were \$100 per year with the exception of that of Mr. Cook, which was increased \$300.

The three vacancies were created by the resignation of Miss Fox from the first grade, Miss Hege from the sixth grade, and Mrs. Elsbree as English teacher and librarian in the Junior High School. Miss Hege has secured an excellent position in Newark, N. J.; Mrs. Elsbree and Miss Fox are retiring from teaching at the end of this term.

This is the smallest number of vacancies in many years. The renewal of the contracts for twenty teachers was a source of great satisfaction to the board and Principal George H. Wilson, who have been working together in an effort to secure a strong and co-ordinated staff.

The renewal of the contract with Principal Wilson does not come up this year, so no action of the board was necessary to secure his continued services. He was given authority by the directors to secure well-qualified teachers for the three vacancies, which will probably be filled at the next meeting of the school board.

The Easter vacation this year will begin at the close of school Wednesday, April 13, and will continue until the opening of school the following Tuesday. This holiday, longer than is usually the case, conforms with that established by the schools of Lower Merion Township.

The board received the tentative report of the committee appointed to publish a survey of the local schools. This is now in the hands of the committee for final revision and printing.

Because the regular meeting date falls on Good Friday next month, the April meeting of the school board will be held April 22.

Justices of the peace in Pennsylvania are violating the Fourteenth Amendment to the Constitution of the United States in collecting "costs" from motorists summarily convicted before them.

That is the conclusion of the Keystone Automobile Club after close study of a recent decision written by Chief Justice Taft, of the United States Supreme Court, in the case of an Ohio Mayor, who was held to have violated the Constitution by reason of the imposition of such "costs."

Justice Taft took the position that "it certainly violates the Fourteenth Amendment and deprives a defendant in a criminal case of due process of law to subject his liberty or property to the judgment of a Court, the Judge of which has a direct, personal, substantial pecuniary interest in reaching a conclusion against him in his case."

J. Borton Weeks, president of the Keystone Automobile Club, immediately sent a memorandum to Governor Fisher, illustrating the close parallel between conditions existing in Pennsylvania and the system which obtained in Ohio. He urged that the Attorney General give an opinion which could later be framed into law, correcting the condition.

Under Pennsylvania practice, the justice of the peace has a "pecuniary interest" in every summary automobile case brought before him. If he decides in favor of the defendant, he rules against his own pocketbook. The temptation is strong to impose at least "costs" in doubtful cases, although the club has no intention of impugning the honesty of the majority of the minor judiciary.

The decision particularly affects the "fining squires," and the way for motorists to escape their clutches is to waive a hearing.

PENN STATE COMEDY WILL ATTRACT MAIN LINE ALUMNI

Original Musical Performance is Scheduled for April 22.

"Girl Wanted," the annual Penn State Thespian musical comedy, will play in Philadelphia at the Penn Athletic Club, April 22. The music for the show is entirely original and has been composed by Penn State students. The book is also the work of students.

The play is extremely unique. Throughout its entire length, the comedy spirit runs high, and collegiate wit is portrayed as never before in any amateur production. The play has been coached by Maurice Darcy, of the Wayburn Studios, New York City.

A number of Penn State alumni throughout the Main Line are interested in the Philadelphia performance. Plans to have a representative audience from here at the Penn A. C. have been made, and include the following from Narberth:

Charles E. Kerner, E. E. Ludwick, E. V. S. Smith, J. E. Freeman, H. A. Smith, R. G. Augst, R. P. Wetherald, R. D. Kennedy, H. F. Graves, K. E. Strickler, R. Ross Howenstein, J. F. Mullin, J. S. Fyock, J. A. Succop, Lee Freeman, James Kurtz, J. J. Martin, A. B. Stillwagon and J. E. Burrell, Jr.

Junior Accounts

The Narberth National Bank is not a mighty, chilling, urban institution, terrifying to all but the captains of industry. It is, we believe, a friendly bank.

Above all, we wish to be friendly with the members of the younger generation. No matter how little a child wishes to deposit—no matter how trivial the financial problem—we want the confidence of the children and their parents.

A community bank, directed by friends and neighbors, can be a great influence in establishing habits of thrift and financial consciousness. We look forward to this opportunity.

BOY SCOUTS NEED FIVE ASSISTANT SCOUTMASTERS

With Approach of Outing Season, Young Men Are Asked to Aid.

With the number of Boy Scouts constantly increasing, the officers of the organization are faced with necessity of procuring at least five assistant scoutmasters in order to carry on the work properly.

For the best results, it is hoped that these leaders will be secured from among the available young men of Narberth rather than to go elsewhere for them. With this in mind, the directors of the Fathers' Association and the members of the Troop Committee are seeking out those who care to assist.

In the emergency, according to B. J. Cook, scoutmaster, these assistants need not necessarily have a complete knowledge of scout work. It will be possible for them, with proper coaching, to take charge of those activities for which they are naturally suited.

Camping, hiking and swimming each require almost exclusive attention of a leader. As the season for these features of scouting is rapidly approaching it is hoped that a sufficient number of assistants can be secured to permit of making definite assignments well in advance.

Any resident of Narberth desiring to help the Scouts should get in communication with E. P. Dold, resident of the Fathers' Association, or B. J. Cook, scoutmaster.

You can save time, worry and money by buying in Narberth.

You can't look at a tire and tell how far it will run

YOU CAN'T SEE a tire carcass because it
is covered by the tread. Yet the way
this carcass is built tells how far the tire
will run.

Dunlop has had 39 years to learn all the
hidden points where tires wear. Dunlop
carcasses are built from the best long fibre
cotton, spun in Dunlop's own mills into the
famous Dunlop cable-twist cord.

These cords are elastic, so they give and
take as your tire runs; strong, so they resist
constant load and pounding. They build
the best possible foundation for the Dun-
lop tread—the toughest rubber develop-
ment known.

Thus Dunlop's extra years of experience
build added value into every vital tire-
part. That is why, not one Dunlop—but
every Dunlop—gives you more service
than you can reasonably expect.

We recommend that you put Dunlops
on your car

GIRL SCOUT NEWS

Conducted by Mrs. Victor I. Zelov.

Wayne Troop, No. 131, Miss Beatrice Tees, captain; Mrs. Edward Curtis, chairman of the Mothers' Committee, has 11 new members. A recent inter-patrol contest has brought out much rivalry. On Washington's birthday one patrol took nine scrapbooks made by them and a goodly number of toys to the Children's House of the Bryn Mawr Hospital, where they presented them and sang Girl Scout songs, much to the joy of the little sufferers. The troop had great fun dressing two dolls to be sent to Japan. These dolls will be a part of the group known as the Japanese Friend Dolls, being gathered from girl organizations from all over the country. They are intended to make friends as well as show the little Japanese girls the kind of dolls we play with in our country. The troop was asked by the Wayne Boy Scout Troop to attend an anniversary service February 22 in St. Martin's Church, Radnor. The service marked the seven-teenth anniversary of the founding of the Boy Scouts of America. The troop is sending several buglers to join the newly-organized Bugle Corps of District No. 8.

The Bryn Mawr Junior Troop, Helene Coogan, lieutenant, celebrated its first birthday recently at the home of its lieutenant. The celebration took the form of a "supper at six," in order that the Scouts might not be tempted to indulge in "sweets between meals" and thereby break one of the rules for deposits in their "Health Bank," in which they are amassing fine young imaginary fortunes. Each member of the troop brought a portion of the menu, which was planned by the girls themselves under the direction of Miss Coogan and her able assistant, Miss Dorothy La Fitte. Girl Scout songs and games were enjoyed after the delicious supper. Those present were Miss Coogan, Miss La Fitte, Eva K. Brook, May Wilky, Louisa Wurst, Lillian Campbell, Arline McGory, Jean Whitely, Helen Engle, Alice Coogan and Isabel Coogan.

The "Owl Patrol" of the Gladwyne Troop, of which Miss Ellen Harrison is captain, and Alice Mann, the scribe, has had its last two meetings at the home of the captain. The members are working for their "Home Nurse" badge, under the direction of the examiner, Miss Sims. Meeting at 5.45, they have gone over part of the "Home Nurse" requirements before dinner. After dinner the art of making a hospital bed and caring for a patient in minor ailments was resumed until 9 o'clock. The entire patrol passed with very good grades.

Norristown Troop, No. 24, Mrs. Gilbert Fox, captain; Mrs. Emily Walker, chairman of the Mothers' Committee, reports that they have started correspondence with several Girl Guides in South Africa and are experiencing much real pleasure in the exchange of ideas and joys in Girl Scouting—or Guiding as it is known under the English flag. The troop attended in a body the recent lecture on "The North Pole" by Floyd Bennett. The troop is composed of 30 Scouts.

The Bridgeport Troop, Miss Florence H. Beswick, lieutenant, and acting captain, is an old troop, but new acquisition to District No. 8. It was visited last week by Miss Perkins, field captain of the district. The Troop Advancement Contest was the theme of her talk and she enlisted much enthusiasm in the contest, unique in District No. 8. They hope now to bring high honors to Bridgeport through the "Troop Advancement." Seven new Scouts were added to the troop at this meeting, making a total membership of 47.

See This Amazing New Shaving Invention -KRISS-KROSS Stropper

Most Surprising Device Ever Patented. Makes A Single Razor
Blade Last Indefinitely And Gives You The Coolest, Slickest
Shaves of Your Life. Nothing Like It Ever Seen Before!

FREE Demonstration—No Obligation

Here is a chance for you to see for
yourself the astonishing shaving inven-
tion the whole country is talking about.
(Probably you've already read about it
in Liberty, Colliers and other big
magazines.)

Kriss-Kross is so surprising that it is hardly
fair to call it a stropper. It is really a super-
stropper or blade-rejuvenator. Fits any kind of
safety razor blade (except Durham-Duplex) and

actually gives you *hundreds* of shaves where you
only got *one* before. It's positively sensational.
Kriss-Kross stropps your blade with a diagonal
stroke—just like a master barber. Entirely
automatic. Eight "lucky leather grooves" do
the trick in 11 seconds with an accuracy it takes
a barber years to learn.

But that's not all. Kriss-Kross stropps from
heavy to light. It's absolutely uncanny how
the pressure gets lighter and lighter every
stroke until an automatic jig flies up and tells
you the blade is ready with the keenest cutting-
edge steel can take.

Kriss-Kross will give you the most wonderful
shaves of your life. No more expense and
bother about remembering to buy new blades!
No more "raking" with dull ones! Keep, vel-
vet-smooth shaves forever—that's Kriss-Kross!

SCREENS

Shall they be full height of Window, or lower half
only?

Good things can be said in favor of both, but, after
all, the satisfactory one is that which serves as a back
stop for Mr. Fly, or sometimes his whole family.

There is just about one more month of indoor life
before the Spring flowers will need your attention.
The most satisfactory material for screens is 1 x 2
White Pine Capping strips. We can cut these to the
lengths you specify. Your hardware man can
supply the galvanized or copper netting. Then we
have a one-half inch Half Round Moulding you can
apply over the edge of wire and it will make a neat
finish.

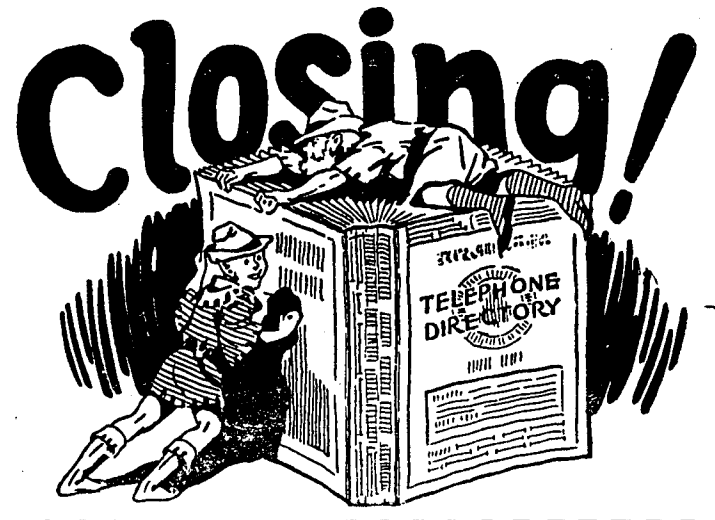

Genuine White Pine is so much easier to work, and
lasts indefinitely, when properly painted.

Install them in your windows at the opportune time
and everybody will be happy except the flies, and
they try to be.

AN ORDINANCE

Requiring the relaying and repairing of gutters, curbs and sidewalks, and providing for the repeal of certain ordinances.

The Council of the Borough of Narberth does ordain:

Section 1—That the owners of property abutting on any street within the Borough of Narberth where any gutter, curb or sidewalk has not been properly constructed in compliance with Borough requirements, or where any gutter, curb or sidewalk is out of repair or becomes out of repair, are hereby required to lay, relay or repair such gutter, curb or sidewalk upon written notice from the chairman of the Highway Committee to make such repairs.

Section 2—Failure of any property owner to comply with the provision of this ordinance within fifteen (15) days from the date of service of such notice will be deemed sufficient justification for the Borough authorities to do the said work and charge all costs of material and labor, together with ten per centum for collection against the owner, as permitted by existing laws of the Commonwealth and provided, and collection thereof shall be made in accordance with the terms of said laws.

Section 3—Ordinance No. 135, so-called, dated November 1, 1909, is hereby repealed and also all other ordinances or parts of ordinances inconsistent with the provisions of this ordinance are hereby repealed.

Passed this 21 day of March, A. D., 1927.

E. C. GRISWOLD,

Secretary.

Approved this 21 day of March, A. D. (4-9-27.)

NEIGHBORS PROTEST

CONTINUED FROM THE FIRST PAGE
phase of the matter.

The delegation was assured, however, that the building of such pools would require new permits, and that their objections could be heard, together with the claims of the Inn, when the application came before Council.

Another protest was lodged to the effect that the parking in front of the Inn was making trouble for owners of houses across Montgomery avenue who wished to use their drives. At the present time cars are parked at right angles with the curb, largely in a wide space provided by the Inn by moving back the sidewalk.

It was pointed out that a delicate problem of jurisdiction arose in this matter, however. If a car were parked facing the inn, the front wheels would be in Narberth, the body of the car in Lower Merion, and the spare tire in Montgomery county.

A conference will be held with township and county officials in the near future to attempt a solution of the problem.

Action on a large list of exonerations submitted by Mrs. Abbie N. Diven, Tax Collector, was favorably taken by Council after the names had been read. Most of the list contained names of persons who had moved away from the Borough. A few duplications and other errors in transcribing were also taken off.

Council decided to advertise for bids for the resurfacing of the streets of the Borough. This work has been done by Borough labor in the past, under the supervision of Street Commissioner George B. Suplee. The bids are requested so that Council can determine whether or not money could be saved by letting out the work.

An agreement with Manager Frank A. Dugan, of the Montgomery Bus Company, whereby the company will pay half of some street damages done by the busses, was noted in the report of the Highway Committee.

The report follows:

Acting upon a suggestion made at the last meeting of Council, your chairman communicated with the Public Service Commission at Harrisburg to ascertain whether the borough had authority to require the company that is operating busses through the borough to pay part of the expense of repairing damages to gutters at the points where the busses regularly stop. Upon receipt of a reply from Mr. John Fox Weiss, counsel of the Public Service Commission, we notified Mr. Dugan, operating vice president of the Bus Company, to attend a committee meeting at which it was agreed that the expense of such repairs at the corner of Forest and Haverford avenues and at the corner of Essex and Price avenues should be borne jointly on a fifty-fifty basis, by the borough and by the Bus Company. These repairs are to include a six-inch concrete base. We estimate the total cost at about \$125, and we request authority to proceed with this work on the basis outlined above as soon as it shall be wise to undertake it. Future repairs of a similar character are to be discussed as they arise with Mr. Dugan.

At the request of President Griswold your committee has ascertained authoritatively during the past month that the Montgomery county commissioners are going to reconstruct 10 feet on each side of the present roadway on Montgomery pike, making it 40 feet between curbs, and that the work will be done next summer. It is the understanding of the county commissioners that the Lower Merion Township Commissioners will order the curbs set and the sidewalks laid before the county proceeds with this work. Your chairman has notified the township commissioners that the boundary line of the borough along Montgomery pike runs with the private property line which is inside the sidewalk and curb line and that it is our understanding that orders for curbs and sidewalks will be issued by the township commissioners to the Narberth property owners abutting Montgomery pike and that no such orders will be issued by the borough nor will the borough be in any way responsible for enforcing those orders and issuing any bills for or collecting any moneys that may become necessary therewith. The township commissioners, through their secretary, have acknowledged the receipt of that communication.

During the past month the water crane at the borough storage building has been removed and the one-inch water meter there has been replaced by the water company with a half-inch water meter. By means of this change we will be able to reduce the borough's water rent bill without impairing any essential need.

The new ordinances governing the depositing of material on the streets and the opening of streets become effective today. In anticipation of that event your committee has equipped the street commissioner with a supply of new permit forms conforming to the requirements of the new ordinances. On February 24 the street commissioner sent a written notification regarding the new ordinances to all of the plumbers and builders in the borough.

Labor expenses of the Highway Department during the month of February totaled \$1072 and in addition we spent \$38 for street maintenance material. The itemized labor expense of the month is as follows: Collection of 842 cubic yards of ashes, \$673.08; street cleaning, \$265.32; removing snow from Haverford avenue, \$64.88; snow removal from sidewalk around the playground, \$18.72; street repairs at the corner of Windsor and Forest avenues, \$29.48; community building expenses, \$20.52.

The rubber coats and boots which were authorized at the last meeting of Council were purchased and received on February 16. The new 3½-ton motor truck was put into service at 1 P. M. on February 10.

CAMP FIRE NEWS

At last the hurry and rush of the Kiyugan activities are over. The birthday week program was carried out with great enjoyment of the girls. On Sunday the girls went to the morning service at the Presbyterian church.

On Wednesday a ceremonial was held at the home of Eleanor Michaelson. There were 215 beads given out, also five polliwogs, two frogs and one fish, which went to Madeline Baughman. Betty Robb received 21 health beads.

On Saturday the girls went in to the Overbrook Home for the Blind. They spent the afternoon going through the building, and in the evening a very good program was presented.

PREPARE FOR HIGH SCHOOL GYM MEET

To Be Held April 8 in Junior High—New Senior Gym Opened.

GREEN TEAM IN TRACK

As April 8 approaches there is much preparation at Lower Merion High School for the annual gym exhibition to be held on that date. Gym classes are being regularly drilled by the physical directors, Mr. Grossman and Miss Stork, for a representative exhibition.

The new gym was opened Monday morning to the boys, and is a great addition to the school. Several features of it are a grandstand accommodating a thousand persons, a new plastic flooring, a very high ceiling allowing plenty of room for arched basketball shots and the best of facilities for plenty of daylight.

The gym exhibition will be held, however, in the Junior High School gym auditorium. The Stunt Club is working to put on several special feature numbers. The entire Senior High student body will take part in the annual performance.

The track squad is rapidly rounding into shape under the tutelage of Coach Grossman, and leadership of Captain Frank Houseman. The track squad will open its season with Haverford School. It will be the annual spring clash between the two institutions. While his squad is composed mostly of green material, Coach Grossman entertains the highest hopes for a successful track season.

The third quarter of the year ends on April 1, all marks for which must be in today, March 25. Seniors are specially taxed, as all Senior work must be completed by May 30, the fourth quarter being only two months long. The rest of the school system will close Friday, June 17. Commencement will be held on June 10, 1927, in the Junior High School.

CAME TO NARBERTH

It was Elbert Hubbard and not Emerson who coined the truism with which the latter is generally credited to the effect that if a man in a wilderness manufactured a better mouse-trap than ever had been made, the feet of buyers would beat a path to his door.

A recent proof that suburban dwellers need not go to the city for superior service is that the Stanley Company of America for the elaborate floral feature it contributed to the dedication of the new Fox-Locust Theatre in Philadelphia on Sunday night came to the Flower Shop of Narberth with its order. Newspaper accounts of the opening laid special stress on the beauty of the floral offerings.

DISTANT ROTARIANS

Visitors from North and South were present at the Bala-Cynwyd-Narberth Rotary Club meeting held Tuesday noon at the Cynwyd Club. A Rotarian from Bedford, Mass., visiting in Philadelphia, came to Cynwyd to become acquainted with the local club. The other distant visitor was from Culpepper, Va.

The Rev. Andrew H. Haughey, of the Ardmore Rotary Club, made his first visit and gave a brief, interesting talk on inter-club relations.

Philip A. Livingston, member of the local club, was the speaker of the day. He chose as his topic the scope and problems of weekly newspapers.

SCOUT MINSTRELS COMING

Spring is coming! So are the Boy Scout minstrels.

When the end men "open up" on the evening of April 22 Narberth will be treated to the "best laugh" it has had in years. A professional coach is whipping the scouts into shape for their annual affair. Fun and laughter will predominate. The harmonica selections alone will be well worth the price of admission.

Tickets will soon be on sale through the membership of the scout troop. April 22 and 23 have been reserved at Elm Hall. Dancing will conclude the evening's entertainment on the night of the 23d.

PLAY CAUSES DEMAND

The delightful presentation of "Pickwick" at a local theater has reawakened interest, not only in Pickwick Papers, the novel from which the play was dramatized, but in several others of the more familiar stories of Charles Dickens. The library already had many of them, but they were all in the rather fine print edition that publishers seem to think necessary for novels of such length.

When it was noticed that the typographical appearance of the pages tended to dampen the ardor of would-be readers, it was recalled that a similar effect was produced on young girls and boys who came to the library seeking a Dickens for school reading. The library decided that it was time that the situation should be properly met, and, searching, found that Harper Brothers was producing a large type edition with just this emergency in mind.

Accordingly there are now on the shelves in this large type edition and ready for distribution "Pickwick Papers," "David Copperfield," "Nicholas Nickleby," "Domby and Son" and "Old Curiosity Shop," so there need be no further barrier to the recommendation of these novels, and the library plans to purchase more of this edition as soon as possible.

LIONS LEAD LEAGUE

Lutherans Are Still Ahead in Inter-church Bowling.

The Lions seem to have scented the trail of the hidden treasure—the prize which lieth at the end of the season. During the second half of the season they have had only one unlucky night. 'Twas the eve of Washington's birthday the Pilots beat them two to one.

For the other five matches played the score has invariably been Lutheran Lions 3-0. The Lions have one more match this season, which is a tussle with the Baptist Battlers on the evening of April 8.

The Battlers got a little kick out of their attack on the Mules on March 14 which lifted them out of the 30-50 rut (6-6) to the 9-6 class, or tie with the Meteors.

On March 7 one of the most exciting matches of the season was played between the Presbyterian Pilots and the Methodist Meteors. The Pilots made the highest combined score of the entire season, 2398 pins. The Meteors followed them closely, having a total of 2325 pins. The Meteors won the first game and were only 6 pins short on the second game.

CAMPAIGN TO BEGIN

Lutherans to Make Intensive Circulation Drive

The 1927 circulation campaign for "Our Town" will begin next week under the auspices of the Ladies' Aid of the Lutheran Church. The work is done, as it was last year, to aid the building fund of the church.

A canvass will be made of practically every home in the borough, with the hope of securing either a new subscription or a renewal. Efforts will be made to reach the scores of new residents in Narberth.

This method of expanding its circulation has been adopted by "Our Town" in preference to bringing in professional campaign men from other parts of the country. The support of the present drive by the community will serve the double purpose of making possible a larger and better paper, and of aiding substantially the work of the Lutheran Church.

New subscriptions or renewals mailed directly to our office, and marked for the credit of the Lutheran Ladies' Aid, will be properly noted in the records.

GRADE MOTHERS MEET

The Mother's Council has started a series of meetings for the mothers of each grade. The object of these meetings is to provide an occasion for the mothers of children in each particular grade to meet with other mothers whose children are in the same room and to have opportunity to discuss with the teacher of that grade the class room work.

The first of those meetings was held Friday at 4 o'clock, when about fifteen mothers whose children were in Grade 5B, met with Miss Timlin, the teacher of that grade. The mothers in charge of the meeting were Mrs. Howard C. Wise, of Dudley avenue, and Mrs. N. H. Nordblom, of Conway avenue, assisted by Miss Mary Hoover, another of the teachers.

Refreshments were served, and the Kuniki Camp-fire Girls gave their services to help entertain any children too young to be left at home.
